Montclair State University

2014 La Campana *unity*

Alma Mater

Beneath the Jersey skies so blue,
in Montclair's mountain town,
there stands our College, tried and true
and growing in renown.

We love thy campus, love thy halls and
oft to thee we raise, with loyal lips and
loyal hearts, united songs of praise.

All hail to thee Montclair, to thee our
voices raise. Alma mater, dear Montclair,
our undying hymn of praise.

We love thy colors, dear Montclair, the
scarlet and the white; may they forever
help us dare to choose and do the right.

And tho' in after years our fate may lead
us far apart, nor time nor space may
separate the ties that bind our heart.

All hail to thee Montclair, to thee our
voices raise. /Alma mater, dear Montclair,
our undying hymn of praise.

Community

Community is a subjective word, its meanings innumerable. One common thread, however, persists: a gathering of people under one common goal. The common goal at Montclair State University will always remain an education which prepares students for the rest of their lives, with the tools and resources to reach their highest hopes and aspirations. For this reason, the yearbook staff chose "community" as their theme. The word community aptly describes what Montclair State University embraces. As a unified group of students, faculty, and staff working toward the goal of bettering themselves and others, Montclair State University offers a multitude of experiences through Academics, Athletics, Student Life, Greek Life, Clubs, Organizations, and Events. And, despite the diverse people, programs, and experiences Montclair State University proudly offers, we all came together as one to make our University a gathering of people under one common goal -- a community, our community.

PRESIDENT
Dr. Susan A. Cole

To the Class of 2014:

Congratulations! Graduating from Montclair State is a tremendous achievement. As momentous as this milestone is for you, it is equally significant for those who care about you. Each year, one of my favorite moments is standing at the podium during Commencement watching the students file in. I love seeing the pride and joy on your faces – and the faces of your families and friends – as you walk with confidence toward the next chapter of your lives. I, too, take pride in all you have accomplished and look forward to seeing what you will do next.

Commencement is the beginning of your renewed relationship with Montclair State. As alumni, you are joining a vibrant network of more than 100,000 proud Red Hawks who can serve as friends, mentors and professional contacts for many years to come. I hope you will stay connected with your University as you embark on a lifelong journey of personal and professional satisfaction, success and important contributions to society.

On behalf of the Montclair State community, I wish you health, happiness and the best life has to offer. Let nothing stand between you and your future as you seize your day!

Best wishes,

Susan A. Cole
President

VICE PRESIDENT FOR STUDENT DELVELOPMENT AND CAMPUS LIFE

Dr. Karen L. Pennington

Congratulations on your graduation from Montclair State University! I am pleased to have the opportunity to write a message to you as it allows me to reflect on how special a place Montclair State University is and how much you have meant to our community.

Attending a college or university is not a requirement but a choice that individuals make. It is an investment in the future that a person takes on and that investment is often shared by the student's immediate and in some cases their extended family. You have made that investment and are now ready to continue reaping its dividends.

Montclair State University continues to grow and thrive as students from New Jersey and other states, as well as students from many other countries continue to come here for a solid, well respected education. In the fall of 2013, we saw our largest expansion in an entering freshman class with a 37% increase in one year. You have been a part of the growth of the campus and saw many changes over your years here. When you come back for graduate school or just to visit, you will continue to see change as the new School of Business and the Center for Environmental and Life Sciences buildings are finished and readied for occupancy in fall 2015. Also, the renovation of Morehead Hall to a new Communications and Media facility will be complete and you can anticipate the development of continued campus improvements in the future. Your University will continue to build on the legacy of those like you who have gone before, and become an important component of the lives of future generations of Red Hawks.

Graduation from a four year institution is an accomplishment shared by a small percentage of the population; cherish the opportunity. Take with you the tools and values you acquired at the University to establish yourself as a learner and scholar. Be sure to aim high. Choose compassion over complacency. Prize courage over comfort. Use your imagination, ingenuity and audacity to explore, discover and change a world undergoing ceaseless and kaleidoscopic challenges. Become an engaged and responsible citizen. Be a mentor and trusted friend. Embark on new adventures and continue to grow as an educated, ethical and caring person.

I am certain that as a Montclair State University alumnus you will have opportunities that you never have even thought possible. Go out into your community and the world and make your mark - leaving the world a better place because you were here.

Best wishes for a happy, healthy and productive future.

Sincerely,

Dr. Karen L. Pennington

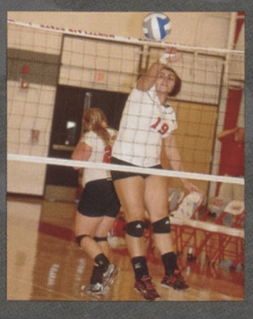
Athletics



Sports have a unique way of bringing people together. While each game itself can be extraordinary, it's the people that make it truly memorable. The same can be said for athletics at Montclair State University. Years from now, we will remember the games we saw, who we saw them with, and how they brought everyone on campus together as whole supporting our Red Hawks.

Student Life

Students are what bring this campus to life. At Montclair State University, every student counts and makes a difference on our campus. Whether it is through academic excellence, leadership roles, volunteer work, or campus involvement, all of our Red Hawks do their best to ensure the quality of our campus. Montclair State University is so vibrant because there are various outlets students can turn to as a way to expand on a hobby, make new friends, and find common interests with people on campus. Student life encompasses many things, but one thing is for certain: student life goes far beyond the classroom.

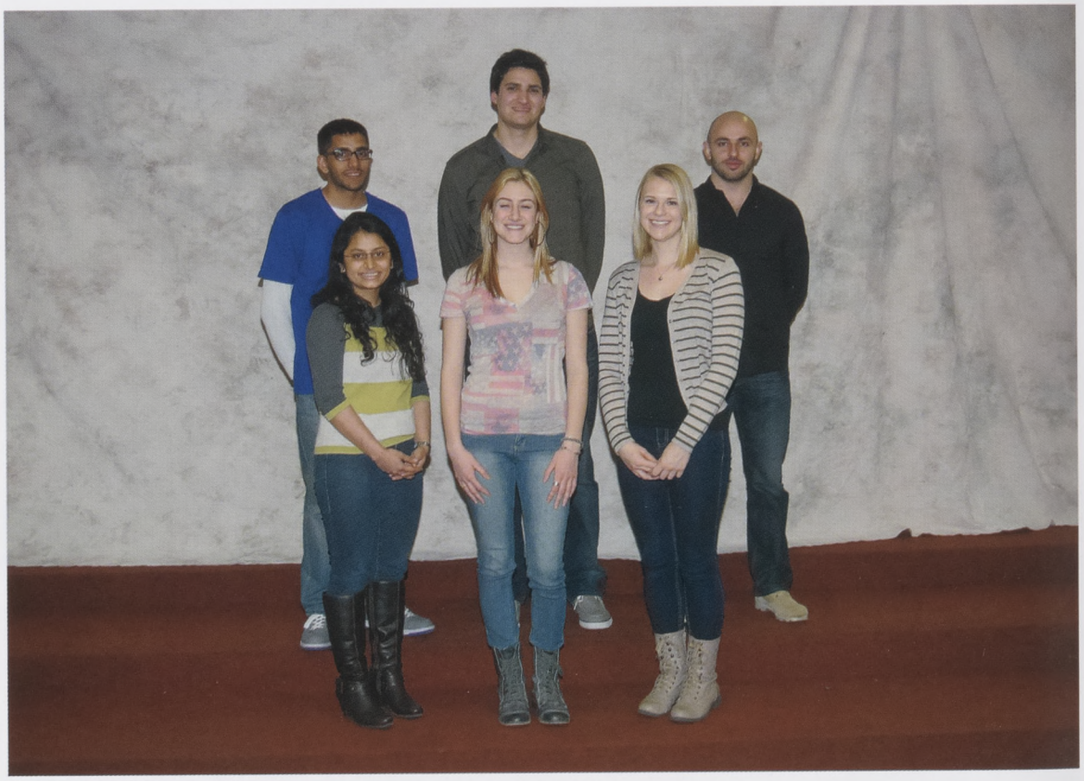
Montclair State University
It's all here.

Clubs & Organizations

Montclair State University's organizations invite students to get involved on campus. They provide opportunities to make connections, have fun, and develop leadership skills that will last a lifetime. All of the clubs were formed for their own individual purposes, but they each hold a place in influencing our campus. The organizations give students a voice in our community. Whether it is to promote advocacy, to celebrate a culture, or to simply find other people with similar interests, our organizations are the heart of MSU's student involvement.

Biology Club

"Biology Club helps any students who want more information about careers in pre-med, dental, nursing, and other amazing and interesting opportunities. Open to all majors, not just science, we are willing to answer any questions you may have and direct you to the right person."



Hellenic Student Organization (HSO)

"The Hellenic Student Organization advocates and promotes the core values and cultures of our modern world. We invite all Hellenic, Hellenic-American, and Phil-Hellenes to join our cause, to commemorate our past, our history, and our rich future together."

Montclair Student Council on Family Relations (MSCFR)

"We are a new organization to MSU that is student-led, and is a nonprofit organization affiliated with the National Council on Family Relations. Our goal is to provide opportunities for all students to develop professionally in future careers related to families and communities. We also will work together to promote social action & community service, and will have tons of fun doing it!"

Montclair State Dietetics Organization

"Our general meetings are open to the entire campus, so come check us out! At our meetings we hear from speakers like fellow students, dietetics interns, and professionals in the field of nutrition and dietetics. We also get the chance to network with other students, we host potlucks, we play nutrition-related games, and much more!"

MSU Child Advocates

"Our mission is to raise awareness for the rights of children as well as advocate for children affected by global, medical, and local issues. It is expected that our members are passionate about helping raise awareness for children who are suffering from various issues. We strive to make a difference for the lives of children while giving the campus community ways to get involved."

Multicultural Psychology Scholars (MPS)

"The purpose of this organization is to be a source of information and support to all psychology students at Montclair State University. We aid in the recruitment and retention of multicultural psychology students in order to prepare psychologists and other professionals who will be effective in a diverse society. To accomplish this mission, the Multicultural Psychology Scholars is committed to fostering an environment in which psychology students are encouraged to become leaders in the field, who recognize that substantial efforts must be made to ensure high-quality training for all psychologists and other professionals. This organization seeks the involvement of MSU students, faculty, alumni, and those involved in promoting equity in the field of psychology."

Organization of Students for African Unity (OSAU)

"OSAU is one of the first cultural organizations to be established at Montclair State University. During the civil rights movement in 1965, OSAU was established to protect the interests of African American students, and serve as an integral force in preserving diversity, educational integrity, and equality. Today, our purpose is to promote cultural awareness and mutual respect throughout the Montclair State University community via the arts, education, and fellowship. This organization is open to anyone, from any background, who wants to learn more about the African Diaspora and African American culture. During its 49 years at the university, OSAU has grown into one of the most active organizations on campus. OSAU will be celebrating its 50-year anniversary in 2015."

Newman Catholic Campus Ministry

"Welcome! We are Newman Catholic Campus Ministry, a Class I organization of the SGA. We have been an active organization at Montclair State University for over 50 years. Our mission is to help students grow in their faith through spiritual, social, and community outreach programs. We do this through helping each other deepen our relationships with Jesus Christ and the Catholic Church which he founded. We are sponsored, funded, and operated by the Roman Catholic Archdiocese of Newark. We have Sunday Mass every Sunday in the Student Center Cafe B&C at 8:30 PM. We look forward to meeting and getting to know you!"

Players

"Montclair State University's student-run theatre organization, Players, is a Class One organization of the SGA. Players was founded in 1937 to give Montclair State University students the opportunity to create theater. Players does numerous productions every year, such as dramas, comedies, one-acts, cabaret nights, and musicals. In the early 1970's, Players became a Class One Organization of the SGA, Inc. which it remains to this day."

Recboard

"RecBoard is an organization within Montclair State University's Department of Campus Recreation. Since it's founding in 1999, RecBoard has hosted a variety of events for charity and the student body. Meetings with RecBoard aren't your typical meetings, they are filled with prizes, games, fun, and even some information on what's happening on campus! So come on out and join RecBoard, it's a good time for all. RecBoard is a collaboration of Montclair State University students who create, organize, promote, and administer special events and community service. Membership is open to the entire Montclair State University community. Meetings are fun, informal, and usually bring in 50-60 members. Membership has grown about 300% over the last two years, so come check us out! It's a great place for freshmen to find a niche, for commuters and transfers to make new friends, and for everyone to get involved, make a difference, and have a great time!"

Unified Asian American Student Organization (UAASO)

"UAASO, initially formed in Spring 2002, stands for the Unified Asian American Student Organization. The organization basically works to unify the many different Asian cultural groups on campus through programming and co-sponsorships, as well as to expose those who are not familiar to the Asian culture."
